

## Making the most of ICT

### ICT Hub event for VCOs working with young people

**Where?** Leeds Town Hall, Leeds  
**When?** 4<sup>th</sup> December 2007

*This conference is designed to address both the ICT issues affecting all VCOs and also those specific to VCOs working with young people.*

By attending this conference you will learn more about:

- Planning and funding your ICT
- Making the most of IT volunteers
- Data protection, security and being safe online
- Data recording and voluntary youth services
- Choosing the right database for your organisation
- Making sense of new media technologies

This conference is a great chance for you to plan, fund and exploit the technology you use in your organisation.
